L&D specialist and instructional designer with three years in corporate learning. I build scalable learning systems for sales teams — from needs analysis and curriculum design to e-learning production, LMS operations and learning evaluation. My ESL teaching background informs how I structure content for learners.

## CORE SKILLS

Instructional design (ADDIE) · iSpring Suite, SCORM · iSpring Learn · Curriculum design · Learning analytics · Assessment design · Facilitation · Stakeholder and SME collaboration

## EXPERIENCE

**Digital Learning Specialist · Complex Bar, Moscow** | **Dec 2023 – present**

- Own the learning lifecycle for sales teams: gather needs, set priorities with sales leaders, design and launch learning, and evaluate results in the LMS.
- Built 35+ learning assets for sales managers across Russia and the CIS: 15+ iSpring e-learning courses and 20+ structured longreads on HoReCa products.
- Designed assessments with a bank of ~150 questions, case studies and situational tasks; around 200 employees completed certification.
- Organise webinars and in-person learning around business needs and product launches, coordinating internal experts and external trainers.
- Manage the iSpring Learn catalog and reporting; use completion, test results and learner feedback to improve materials.
- Proactively built an internal product reference site: information architecture, content, focus group with managers and deployment with IT.

**English Teacher · YES English Club, Peresvet** | **Sep 2021 – Jul 2023**
